

PillSync — Team Allocation & Project Plan

Infosys Springboard AI Internship | Team Size: 3 Members | Version 1.0

1. Executive Summary

PillSync is an intelligent medicine reminder and medication tracking platform featuring AI-powered OCR prescription parsing, automated refill prediction, dosage adherence tracking, and multi-channel notifications. The project is executed by a 3-member team: **Yogesh Y Pagar** (Frontend Lead), **Advala Indhu** (Backend Lead - Core & OCR), and **Vemula Purna** (Backend Lead - Services & Analytics).

2. Team Structure & Core Responsibilities

Team Member	Role	Core Tech	Primary Focus
Yogesh Y Pagar	Frontend Lead	React.js, Tailwind, Axios, Context/Redux	UI/UX, SPA Routing, Dashboards, Role-based views, API Integration
Advala Indhu	Backend (Core/AI)	Python, Django REST, PostgreSQL, OCR	JWT/OAuth2 Auth, DB Schema, User Profiles, OCR Prescription Processing
Vemula Purna	Backend (Services)	Python, FastAPI/Django, Celery, Redis	AI Refill Engine, Reminder Scheduling, Notifications, Analytics API

3. Module-wise Work Division (10 Modules)

#	Module Name	Backend Lead	Frontend Lead	Deliverables
1	Authentication & Roles	Advala Indhu	Yogesh Y Pagar	JWT Login/Register, OAuth2, Route Guards
2	Profiles & Medications	Advala Indhu	Yogesh Y Pagar	Medicine CRUD APIs, Medicine Cards UI
3	Prescription Upload & OCR	Advala Indhu	Yogesh Y Pagar	Image Upload UI, Tesseract/spaCy OCR
4	Smart Reminder System	Vemula Purna	Yogesh Y Pagar	Reminder scheduler, Dose status popups
5	Adherence Tracking	Vemula Purna	Yogesh Y Pagar	Adherence calculation math, History UI
6	AI Refill Prediction Engine	Vemula Purna	Yogesh Y Pagar	Stock depletion math, Low-stock alerts
7	Disease-Based Organization	Advala Indhu	Yogesh Y Pagar	Filters by Disease (BP, Diabetes, etc.)
8	Notifications & Alerts	Vemula Purna	Yogesh Y Pagar	Push/Email/SMS alerts, Caregiver triggers
9	Dashboard & Analytics	Vemula Purna	Yogesh Y Pagar	Analytics APIs, Recharts Dashboard UI
10	Testing & Deployment	Indhu & Purna	Yogesh Y Pagar	Docker Deploy, Vitest/Pytest, Demo
